

EXPLORE SOMETHING NEW FOR SUMMER 2025

North Woods Overnight Camps for Boys and Pleasant Valley Overnight Camps for Girls are device-free overnight camps operated by the YMCA of Greater Boston on Lake Winnepesaukee in New Hampshire.

Serving kids ages 8 to 15, our camps offer children a unique opportunity to disconnect from technology and reconnect with nature, peers, and themselves. By stepping away from screens, campers can fully engage in outdoor activities, build meaningful relationships, and develop independence, creativity, and problem-solving skills in a distraction-free environment.

This experience fosters personal growth, resilience, and a deeper appreciation for the natural world, while also promoting mental well-being and reducing the stress often associated with constant digital connectivity. Our campers return home with cherished memories, enhanced life skills, and a renewed sense of adventure.

4 WEEK SESSIONS		EARLY BIRD*	FULL RATE
