

Information about CAMP STAMPS and emailing Campers

As you're aware, we are using the **Campanion App** to help communicate and share photos with you! If you would like to email your camper, you can do so through the Campanion App **OR** through your CampInTouch account. It will cost one camp stamp to send each email. You can purchase camp stamps **ONLY** through your CampInTouch account. Please note, if you have a credit card on file for tuition in CampInTouch, that card will **not** be automatically assigned for making camp stamp purchases as well. That card pays camp for tuition etc. This new card will pay CampMinder for the camp stamps so you will need to reenter a credit card before making your first camp stamp transaction.

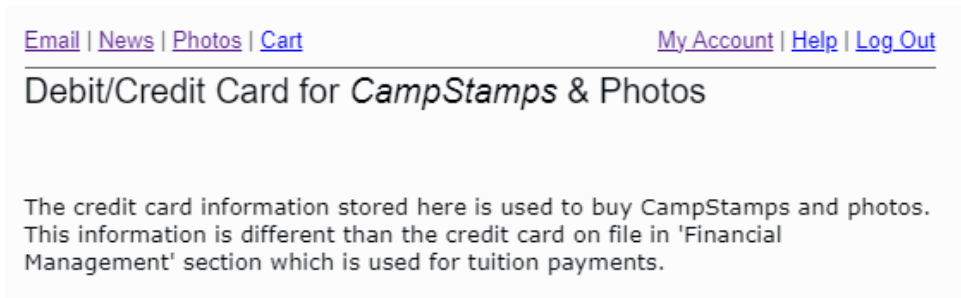

Emails are printed each day by 6 AM, After that time delivery will be the next day!

Emails sent yesterday and today will be delivered today!

At this time, we are not set up to receive camper eLetters, only for parents to send emails to their camper.

Adding Guests

We have made it possible for you to add guests, such as friends, grandparents, aunts, and uncles. This gives them the ability to view and purchase photos, send emails, view news, and do most of the CampInTouch things parents can do--with the exception of

viewing statements or making payments. Only those listed in the household in the CampMinder record can do those things.

Adding a Guest

Once this is enabled, a parent can add a guest through CampInTouch:

[Credit Card for CampStamps & Photos](#)

Update your credit card information used for purchasing photos and CampStamps.

- Enter all of the guest's details to create the account, including the ability to transfer CampStamps over to the guest so they can send emails. Guests can also purchase their own CampStamps. You can choose to allow the guest only to email specific campers if desired. Camp Stamps can be carried over from season to season. They do not expire.

Invite friends & family to log in with their own guest account. As your guest, they will be able to read news and view photos. **Check the box next to your camper's name** to give your guest the ability to send emails.
